A Constitutional Reform and a Bill of Law for Neuroprotection were Introduced to the Chilean Senate

On October 7th, the Chilean Congress made history in the world of neurotechnology. Through an international online conference: scientists, policy makers, and members of the private sector, including the NeuroRights Initiative Director, Rafael Yuste, and the Chilean Senator, Guido Girardi, presented a Constitutional Reform and Neuroprotection Bills to the Chilean Senate. This makes Chile the worldwide leader in the establishment of NeuroRights.
